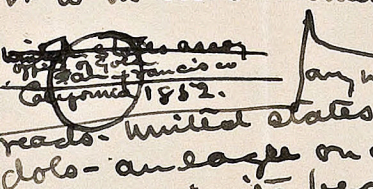
To the Treasurer or President of the Mint

Dear Sir-

I would beg a few moments of your busy time in asking you to kindly inform me the value of a coin I have in my possession. As I understand and believe to be a fact it is one of only three that were coined by the United States Government at the San Francisco Mint ~~&c~~ or assay office in the year eighteen hundred and fifty two. It is a gold piece and in value says ten dollars- the crude drawing of the coin as I can or attempt to portray it is in this manner



~~United States assay office of San Francisco in California 1852.~~

Any way the front inscription reads- United States of America- Ten dollars- an eagle on a shield with a banner in its beak bearing the inscription liberty on it. The back or opposite inscription. So directly in the middle of the coin saying United States Assay Office of Gold San Francisco California. 1852.

IC/MS 44 - J Box 193

if you can conveniently do so I
wish you would kindly inform
me of what price this coin would
be valued at today - Could you
also tell me the Value of a spanish
silver coin I have dated 1723.
Trusting I am not asking too much
or taking up your Valuable time
Believe me most truly Yours
